Ms Lusky & All,

Please find attached additional information we will utilize during tomorrows technical meeting.

Regards,
Andy

Thank you Ms Lusky. Ive added in some names for the Synergy related agenda items below.

We are working to get supporting information to the attendees ahead of the meeting for your review and preparation. I expect we will have that pulled together for distribution after final review and approval later this afternoon.

In the meantime, I have included Ms Jennifer Stewart of our Burcell team on distribution to this email in order to get everyone a dropbox link (due to large file size) to a new Synergy Burcell Technologies video showing a brief overview of the material handling and processing of the incoming waste before it gets to the gasifier. Please feel free to review this video prior to the meeting. We plan to go over the waste stream processing flow in more detail and answer any questions you may have during the second meeting agenda item.

We appreciate everyone's time and effort and look forward to the discussions.

Best regards,
Andy
